

Parent Sensory Introduction Session

Following the success of the session in December we are offering two further parent sessions on 'Introduction to sensory processing' on Tuesday 6th February, 1.30-2.30pm and Friday 9th February, 9.30-10.30am via Teams for anyone who could not attend. The sessions will be led by Karen Stevenson, Trust SEND Lead.

The session will be an introduction to sensory processing so will cover basic sensory information and ways in which this can be supported. Please note, if you attended the Blossom session held in December, you will have already accessed this information.

If you would like to attend a session, it is a repeated session, so please join the date which is most convenient for you.
