

## Year 6 Term 3 Reach for the Stars

### **Reading:**

We know that learning to read is paramount. Being able to read confidently is a life skill and we expect children to be reading at least 3 times a week alongside an adult who can support and question their understanding of the text. Each time they read, a simple signature in their reading record to acknowledge that they have been heard/ discussed their text with an adult. This term we are introducing our new reading reward scheme. The signatures in their planners will be collected towards a prize.

**Maths:** Can you beat the Times Table Rockstars world record? The quick recall of multiplication and division related facts is crucial for the children to develop and consolidate their number fluency and reasoning skills. Practise your times tables at least 3 times per week. [www.ttrockstars.com/](http://www.ttrockstars.com/)

### **Optional extras:**

As we are learning about the planets, we would like you to create a model of the solar system. You could create a diorama from a shoe box or maybe bake your own solar system. Get creative and show us what you come up with.

As part of our design work we are going to be making a soft toy for a younger person, with a planetary theme. We would like you to create your own toy or game based on the planets/space. You can decide the age group that your toy or game is aimed at. We can't wait to see the results.

**Spelling:** Children have 10 words to learn each week and are regularly taught and tested on these during the school week. Practise spellings at [www.spellingshed.com](http://www.spellingshed.com)
